### ONIKUMA X32 gaming headphones

ONIKUMA X32 is a headphone that will allow you to fully immerse yourself in the world of gaming and enjoy excellent sound during exciting gameplay. The 50mm drivers provide incredible sound clarity, and the built-in microphone allows you to communicate with your team during the game. Dynamic RGB backlighting will increase your immersion level, and wide compatibility means you'll use them in conjunction with many popular devices on the market.

### No sound will escape your attention

Immerse yourself in the world of virtual gameplay and hear every step of your opponents, ambient murmur and explosions as if you were really there! The headphones have built-in powerful 50mm drivers, which guarantees deep bass and clear sound. Now you'll hear every nuance of sound, allowing you to react even faster during gameplay. Stereo surround sound makes you feel like you're right in the middle of the action!

### Stay in touch with others

ONIKUMA X32 are equipped with an omni-directional microphone that will allow you to communicate freely with your team and opponents in real time. The sound quality is so good that your voice will be clearly heard, making it easier to coordinate and plan strategies during gameplay. What's more, thanks to its flexible design, you can easily adjust its position to suit your needs.

Discover a new dimension of gameplay

Now you can focus on gameplay without worrying about discomfort. The lightweight design of the headphones, weighing just 325 grams, means you can play for hours without feeling fatigue. The soft earcups fit snugly around your ears, perfectly muffling outside sounds. Dynamic RGB backlighting further emphasizes their gaming character.
