Gaming Wheel PXN-V99 (PC / PS3 / PS4 / XBOX ONE / SWITCH)

PXN-V99 gaming steering wheel (PC / PS3 / PS4 / XBOX ONE / SWITCH)

Feel like you're on a real racetrack and give yourself a thrill. The PXN-V99 gaming steering wheel guarantees an immersive, realistic experience and lets you choose from 2 rotation ranges - 270° and 90°. You will also find 3 pedals and a gearbox with a comfortable-to-use stick. The device is also distinguished by its wide compatibility and is very easy to use. High-quality, improved materials were used in its construction.

### Realistic experience

Ever wondered what it would be like to be a rally driver? With the PXN-V99 steering wheel, you'll feel like you're really driving a race car! This device uses a dual motor, so it faithfully simulates every bump in the road, tilt, acceleration and collision. With PXN, you will immerse yourself in the gameplay and give yourself an unforgettable thrill!

### Thoughtful design

In the set you will find 2 sturdy clamps with which you can stably fix the steering wheel to a table or desk. Don't be afraid that it will move! What's more, thanks to the dual paddles, the device imitates the solutions known from Formula 1 vehicles, so you can enjoy the game even more! It is also possible to easily disassemble the steering wheel. In addition, the product is made of high-quality materials, so it will serve reliably for a very long time!

2 ranges of rotation to choose from

The steering wheel allows you to choose from 2 rotation ranges - 270° and 900°. The first one is perfect for playing racing games - it will provide you with the desired speed and dynamism. The second guarantees a more realistic experience. It allows you to rotate the steering wheel 2.5 times, which is similar to a real car. It will be ideal, for example, when playing simulators. Now you will easily overcome even the sharpest turn! To change the settings, just use the special switch

Wide compatibility

Say goodbye to limitations. The PXN-V99 steering wheel is compatible with many computers and gaming consoles such as PS3 / PS4 / XBOX ONE / SWITCH. Moreover, the device is perfect for playing games such as Forza Horizon 5, Dirt Rally 2.0 and Euro Truck Simulator, for example.

Additional accessories included

With the PXN-V99 you will feel like behind the wheel of a real car. The set includes 3 pedals that stand out for their high sensitivity and responsiveness, so you can enjoy a realistic braking or acceleration experience. You also get a convenient to use gearbox with 6 gears and a reverse gear. All this will provide you with even more immersion!

More possibilities with the app

Now you can adjust the steering wheel's operation even better to your expectations and habits. All you have to do is install the dedicated PXN app! With its help, you can, for example, adjust the device's parameters, import settings and create your configurations optimized for specific games. All it takes is a few clicks on your smartphone!
