

## Wireless Vertical Mouse Dareu LM138G 2.4G 800-1600 DPI (blue

Wireless Vertical Mouse Dareu LM138G 2.4G 800-1600 DPI (blue-yellow)

Ref: 6950589913014

Dareu LM138G 2.4G 800-1600 DPI Wireless Vertical Mouse (blue and yellow).

The Dareu mouse provides long-lasting comfort thanks to its ergonomic design. The vertical design makes the device pain-free for your wrist, so you can also use it at work. The 2.4G connection is responsible for stable and fast signal transmission without interference, and with the speed adjustment you will adjust the mouse's performance to your needs.

### Wireless connection

Free yourself from cables and rely on wireless solutions. The Dareu mouse connects to your computer using 2.4G. Now you can enjoy a high-quality connection without interference up to 10 meters. What's more, a USB adapter is included, and thanks to the plug&play system, you don't need to install additional drivers to get the device ready for use.

### Ergonomic design

The vertical design of the mouse provides long-lasting comfort and does not cause wrist pain. So you can use it for many hours, for example, while working, without feeling tired.

### Adjustable DPI

The Dareu mouse will work well during work, as well as during gameplay or web browsing. It is equipped with a DPI button and allows

you to adjust the speed in the range of 800/1200/1600, so you can easily adjust its performance to your expectations.
