

## Darkflash DK353 ATX Black computer case

Darkflash DK353 ATX Black computer case

Ref: 4710343796060

Darkflash DK353 ATX Black computer case

We are proud to present the Darkflash DK353 ATX Black computer case, an ideal solution for computer users who value both aesthetics and functionality. The DK353 ATX model is a Medium Tower equipped with a side panel made of tempered glass, which can be easily removed thanks to the use of hand-head screws. This not only adds elegance, but also allows quick access to the computer's interior.

Unparalleled cooling and airflow

The Darkflash DK353 is designed to optimize airflow. The metal mesh on the front panel supports the installation of up to three 120mm fans for better cooling. In addition, the chassis supports up to 8 fans and water cooling up to 360 mm in diameter for superior thermal performance.

Space and expansion

The case offers 7 PCI slots for easy expansion and installation of major graphics cards. The Darkflash DK353 is suitable for ATX, Micro ATX and ITX motherboards, and supports power supplies with a standard 200mm length. Inside you'll also find space for 2 HDDs and 4 SSDs.

Compatibility and ease of use

The maximum height of the CPU cooler is 165 mm, and the maximum length of the graphics card is 340 mm, ensuring compatibility with most components you'll find on the market. The chassis is also equipped with easy-access Power/Reset buttons and USB3.0 x 1, USB 2.0 x 2 and HD Audio connectors for convenient operation and ease of data handling.

#### Robust design and elegant appearance

Made of 0.5 SPCC, the Darkflash DK353 chassis stands out for its durability and robustness. Its black color adds elegance and will fit into any working or gaming environment. The chassis measures 449 mm in height, 385 mm in width and 195 mm in depth, making it easy to place in an office or home space and providing enough space to create exactly the PC you want.
