Golarka elektryczna z głowicą 7D Kensen 05-KGTJ21-001

Electric Shaver with 7D Head Kensen 05-KGTJ21-001

The Kensen 05-KGTJ21-001 electric shaver is a device that revolutionizes daily facial hair grooming. Designed to meet the expectations of the most demanding users, it combines advanced technology with intuitive operation. Its magnetic suction head, LED display, water resistance, and specially designed blades are just the beginning of what it has to offer.

Floating Head

The 7D head of the Kensen 05-KGTJ21-001 contains 7 precisely positioned blades that perfectly adapt to the shape of the head and face. Thanks to its floating design, shaving becomes not only more precise but also more comfortable, minimizing the risk of irritation.

LED Display

The LED display is another feature that sets this model apart. It informs the user about the battery level, the need for device cleaning, charging status, and travel lock. This ensures that the shaver is always ready for use and easy to operate.

IPX6 Waterproof Rating

The IPX6 protection makes the Kensen shaver fully waterproof. It can be safely cleaned under running water, making it much easier to maintain cleanliness and prolong the device's lifespan.

Complete Grooming Kit

The Kensen 05-KGTJ21-001 shaver also offers a practical set of tools: trimmer heads for the head, beard, and nose, as well as three attachments (3mm, 5mm, 7mm), making it incredibly versatile. The package also includes a USB cable, cleaning brush, and user manual.
