

Electric shaver LED IPX7 Kensen 05-KTMQ13-0GA

Golarka elektryczna LED IPX7 Kensen 05-KTMQ13-0GA

Ref: 6953156301047

Kensen 05-KTMQ13-0GA LED IPX7 electric shaver.

Discover a new standard of shaving with Kense! The electric shaver will be perfect for removing hair from various parts of the body. Thanks to its ceramic blades, it provides an extremely precise shave without the risk of irritation or cuts. Its IPX7 waterproof rating means you'll be able to keep it clean with ease, and the LED backlight makes it easy to shave hard-to-reach areas. You'll also find 2 interchangeable caps and a case included.

Perfectly smooth skin

Get ready for a revolution in male grooming! The shaver is equipped with ceramic blades, which, thanks to their exceptional durability and precision, will make your skin smooth as never before. The blades are also gentle on your skin, so you don't have to worry about irritation or cuts. What's more, the R-shaped design makes the shaver adapt perfectly to your body, allowing you to get even better results.

One shaver, multiple uses

The Kensen shaver is ready for any grooming challenge! Its versatility means you can enjoy smooth skin on different parts of your body. Whether you need to precisely shave your armpits, legs, chest, back or feet, the Kensen shaver will perform perfectly!

Refined design

The Kensen KTMQ13-0GA was created with your comfort in mind. With an IPX7 waterproof rating, you can easily use it even in the shower without worrying about possible damage. It also features LED backlighting that provides bright illumination of the selected body area, making it easy to shave thoroughly even in hard-to-reach areas.

The perfect travel companion

Going on vacation? Take the shaver with you! It comes with a practical storage case that provides a safe place for your shaver. This way you can be sure that your favorite equipment will remain intact while traveling. What's more, the durable battery guarantees up to 30 uses on a single charge, which means you won't have to worry about having to recharge frequently.
