Ref: 6953156301627

Electric shaver IPX6 Kensen 06-KTMQ21-06A (green)

### IPX6 Waterproof Electric Shaver Kensen 06-KTMQ21-06A (Green)

Discover the Kensen 06-KTMQ21-06A electric shaver, which combines modern technology and versatility, perfect for demanding users. This model not only offers an elegant finish but also functionality tailored to various needs. From facial hair to intimate areas, Kensen provides safe and precise shaving whenever you need it.

### Versatile Magnetic Attachments

Extremely practical are the magnetic attachments that can be easily attached to the shaver's handle. This convenient solution allows for quick and easy attachment changes without the need for additional tools. This feature makes the Kensen shaver not only functional but also exceptionally intuitive to use.

### Shaving Length Adjustment

The Kensen shaver allows for shaving length adjustment in the range of 1 to 9 mm, enabling precise grooming of facial hair and hair in other parts of the body. This feature is particularly useful for individuals who value a personalized approach to their appearance.

### V-Shaped Attachment for Intimate Areas

The specially designed V-shaped attachment is perfect for grooming hair in intimate areas. It makes shaving safe, comfortable, and

incredibly precise, ensuring excellent results even in hard-to-reach areas.

#### High Performance and Quiet Operation

The Kensen 06-KTMQ21-06A shaver is characterized by high performance, offering up to 8000 rotations per minute for quick and efficient shaving. Additionally, a noise level below 60 dB guarantees comfortable use even during quiet morning hours.

#### IPX6 Water Resistance

This model is IPX6 water-resistant, which means it can be rinsed from the outside while maintaining its high performance. However, remember not to rinse the shaver from the inside due to the presence of lubricant.
