

**Wall charger XO L109 2.4A 12W 2x USB-A, cable USB Type-C,**  
Wall charger XO L109 2x USB-A, cable USB Type-C, 2.4A (white)

Ref: 6920680845316

XO L109 network charger 2x USB-A, USB Type-C cable, 2.4A (white).

Looking for a reliable and efficient mains charger? Meet the XO L109 charger! With two USB-A ports, you can charge 2 devices simultaneously - a great option if you have several devices to charge. The output current of 5V/2.4A guarantees fast charging, so your devices will be up and running in no time. Its compact size makes it easy to fit in any bag or pocket, so you can always have it with you. You'll also find a USB-C cable included for easy charging.

**2 USB ports for added convenience**

You no longer have to choose which device to charge first! With two USB-A ports, the charger allows you to charge two devices simultaneously, saving you valuable time. It's ideal both at home when several people need to charge their smartphones or tablets, and on the go when you need to be ready for any occasion.

**Compact design**

The XO charger was created with users in mind. Its compact size and incredibly lightweight design (weighing only 33g) make it an indispensable companion for every day. Whether you're at home, on the road or in the office, this charger will fit in any pocket, bag or backpack, always ready for action.
