Cable USB-C to USB-C Acefast C1-09, 48W, 1m (black-gray)

Acefast C1-09 USB-C to USB-C Cable, 48W, 1m (Black-Gray)

The Acefast C1-09 USB-C to USB-C cable is an indispensable tool for those who value efficiency and reliability in one. It supports data transfer at a speed of 40 Gb/s, charging with a power of up to 280W, and even screen projection in 4K quality. With support for PD3.1 and USB4 protocols, you can be sure that your devices will be charged quickly and efficiently. Made from durable materials, it's ready to meet even the most demanding tasks.

Faster Charging Than Ever

Whether you're working, watching movies, or gaming, the Acefast cable will ensure that your devices are ready to go in an instant! It enables lightning-fast charging with an impressive power of up to 280W, with support for the PD3.1 protocol. This means that charging your devices will take even less time!

Additional Features

But that's not all the Acefast C1-09 cable can do! It also offers incredible data transfer speeds of up to 40 Gb/s. This allows you to enjoy seamless audio and video streaming. It also supports 4K Ultra HD resolution, providing you with amazing visual experiences.

High-Quality Construction

The Acefast C1-09 comes equipped with an E-Marker chip, ensuring intelligent power management and the safety of your device. The

aluminum connectors not only provide connection stability but also excellent durability. Furthermore, the nylon braided covering makes the cable resistant to mechanical damage and wear, so you don't have to worry about quick wear and tear or a loss of quality over extended use.
