Earphones TWS Acefast T9, Bluetooth 5.3, IPX4 (pomelo red)

TWS Acefast T9 headphones, Bluetooth 5.3, IPX4 (red)

Immerse yourself in your favorite tunes wherever you are! The TWS Acefast T9 headphones guarantee excellent sound quality, whether you're listening to music, podcasts or talking on the phone. Thanks to the latest Bluetooth 5.3 version, they offer a reliable connection to your device, and their operating time with the charging case reaches up to 30 hours. They are also IPX4 waterproof certified, making them the perfect companion for workouts and outdoor activities.

Sound that brings your music to life

With the Acefast T9, you'll experience sound that will draw you into the musical world! The headphones feature 9-millimeter dynamic drivers that make the sound reproduced extremely clear and the bass strong and engaging, providing the sound experience you deserve. Every note, every musical detail is accurately reproduced, making music a true feast for the senses.

Make phone calls wherever you want

Now you can freely make calls anywhere! Built-in microphones with intelligent noise cancellation technology make your phone calls crystal clear, even in noisy environments. A crowded shopping mall, a noisy train station or city hustle and bustle - nothing will get in the way of your conversation anymore!

Music for the day - up to 30 hours of use

Ready for a musical marathon? The headphones will let you enjoy the sounds of your favorite music for up to 6.5 hours on a single charge. And that's not all! Combined with a charging case, the Acefast T9 offer an amazing 30 hours of continuous playback. That's enough time to effortlessly get through even the longest day with your favorite soundtrack in your ears. What's more, after just 10 minutes of charging you can use them for another 2 hours.

Fast and stable connection

Whether you're using a smartphone, tablet or laptop, the Acefast T9 will give you a smooth and seamless connection. With the latest version of Bluetooth 5.3, you are assured that the connection to your device will not only be stable, but also lightning fast. What's more, the headphones are compatible with a wide range of devices, which means you can pair them with any Bluetooth-enabled device.

Just a few touches

Discover how easy and convenient it is to control your music! Equipped with intuitive touch panels, you'll have easy access to the most important functions. Without having to take your smartphone out of your pocket, you can adjust the volume, pause songs, answer and end phone calls and much more. See for yourself how easy it is!

Created for your comfort

Acefast T9 are headphones that combine exceptional comfort with reliability. Thanks to their incredibly lightweight design, you can wear for hours without feeling fatigue. The headphones are also IPX4 waterproof certified, which means they are resistant to moisture and minor splashes. So you don't have to worry about damaging them when you listen to music while working out, running or in rainy weather!
