Temperature and humidity sensor Avatto WHS20 Tuya

Ref: 6976037361060

Temperature and humidity sensor Avatto WHS20 Tuya

Avatto WHS20 Tuya temperature and humidity sensor
Discover a smart way to monitor the temperature and humidity in your home with the Avatto WHS20! The sensor provides high accuracy measurements, so you'll always be up to date with the conditions in your environment. With the Smart Life/Tuya app, you'll gain the ability to remotely monitor parameters and create scenarios, and compatibility with voice assistants will make it even easier to use. The device also offers useful functions such as an alarm clock, stopwatch and countdown, making it a more versatile tool for everyday life.

Precise measurements in your home
Now you will gain full control over the conditions in your home! The sensor provides extremely accurate measurements so you'll always have reliable information about the surrounding environment. You can also freely switch between degrees Celsius and Fahrenheit, adjusting the device to your preferences.

Discover a new dimension of control
Operating the device is easier than you think! Using the Smart Life/Tuya Smart app, you can monitor temperature and humidity in real time from anywhere in the world via your smartphone. The sensor is also compatible with voice assistants such as Amazon Alexa and Google Home. This allows you to control and get information about conditions in your home with simple voice commands.

A smart home at your fingertips
Create a smart home with Avatto! The sensor offers the ability to create smart operating scenarios with other devices in your home. Set your air conditioner, humidifier or purifier to work automatically depending on the sensor's readings! What's more, the Avatto WHS20 allows you to share access to the sensor with other family members, meaning everyone can monitor and control conditions in your home from their smartphone.

Additional capabilities
The sensor is equipped with a clear LCD display with adjustable brightness, which allows you to conveniently read the measurements, and also informs you of the current time, date or charge level. The Avatto WHS20 also has features that will make your life even more comfortable. With an alarm clock, stopwatch and timer, you can customize the device to suit your daily needs and schedule.
