

Adjustable Laptop Stand OMOTON L2 (Silver)

Adjustable Laptop Stand OMOTON L2 (Silver)

Ref: 6975969180107

Omoton L2 laptop stand (silver)

Do you use your laptop often? Take care of your comfort! A high-quality stand by Omoton will provide you with more comfort and avoid neck or shoulder pain. The accessory is extremely durable and compatible with 10-16" laptops. What's more, its assembly and disassembly will not cause you any problem - when necessary, you can easily fold it, pack it in your backpack and take it with you wherever you want!

Wide compatibility

It doesn't matter what kind of laptop you use on a daily basis - the L2 stand will make your work easier in almost any situation! The accessory is compatible with devices with diagonal from 10" to 16". For example, it will work perfectly with a MacBook, ThinkPad from Lenovo or Chromebook. You also don't have to worry about your laptop overheating - thanks to its well-thought-out design, the stand allows efficient heat dissipation.

Robust design

The highest quality aluminum alloy was used to make the accessory, which translates into its durability and resistance to damage. The stand is sturdy enough to easily withstand a load of up to about 5kg. Don't be afraid that it will tip over! In addition, soft rubber pads protect your laptop from scratches and prevent it from slipping off the stand.

Portable

Want to take the stand to work, college or the library? No problem - the accessory is extremely lightweight and compact. It is also very easy to install. You can easily disassemble it at any time and pack it in your bag or backpack, and reassemble it when you arrive at your destination. Enjoy comfortable work wherever you go - Omoton L2 stand can accompany you almost anywhere!

Ergonomic design

Forget about discomfort and neck or shoulder pain. The stand is distinguished by its well-thought-out ergonomic design, so it can provide you with unparalleled comfort. With its help you can easily place your laptop at eye level and make it easier for you to maintain the correct position while working. What's more, the free space underneath the laptop will allow you, for example, to conveniently store your wireless keyboard.
