

## Water flosser with nozzles set Bitvae BV 5020E White

Ref: 6973734201729

Water flosser with nozzles set Bitvae BV 5020E White

### Bitvae BV 5020E Irrigator with Nozzle Set (White)

Discover a new level of oral hygiene with the Bitvae BV 5020E irrigator. This sleek, black model combines advanced technology with user-friendliness, offering up to 21 days of operation on a single charge. The complete set, including the irrigator, a total of 7 nozzles, and a charger, ensures comprehensive care and effective protection for teeth and gums.

### Long Battery Life

The Bitvae BV 5020E irrigator stands out with its exceptionally long battery life. After a full charge in just 4 hours, the device is ready for use for 21 days, which is perfect for busy individuals and travelers. This feature minimizes the need for frequent recharging, giving you more time for daily tasks.

### User-Friendly Design

The ergonomic design of the BV 5020E irrigator and intuitive controls make daily use easy. Its compact size makes it fit perfectly in any bathroom and convenient for travel. Additionally, the device is easy to clean, enhancing its usability.

### Fast Charging

With the included charger, the Bitvae BV 5020E irrigator can be charged anywhere. Its fast charging time, just 4 hours, is another

advantage of this device, allowing for quick preparation for use even in urgent situations.
