### PGYTECH Protective Bag Size M (Pop Collage)

The PGYTECH Protective Bag is the perfect solution for those who value the safety and functionality of their accessories. Made from innovative polymer material, it provides durability and reliability. The P-CB-144 model, featuring a pop collage design and RoHS certification, offers versatile applications, from protecting photographic equipment to everyday gadgets. Its lightweight construction (100g) and compact dimensions (450 x 450mm) make it the ideal companion for everyday use.

### Durable Polymer Material

The main advantage of the PGYTECH bag is its high-quality ripstop polymer material. This makes it resistant to wear and maintains its original appearance for a long time. This material, processed using nanotechnology, also provides high bonding strength, ensuring that the bag retains its properties even after multiple washes.

### Universal Application

The PGYTECH bag easily accommodates a variety of items, from cameras and lenses to small tripods, filters, and iPads. Its versatility makes it an ideal solution for both photography professionals and amateurs, as well as for those seeking a practical accessory for storing everyday items.
