

## 360° Indoor Wi-Fi Camera IMOU Ranger Dual 8MP

360° Indoor Wi-Fi Camera IMOU Ranger Dual 8MP

Ref: 6976391037052

### IMOU Ranger Dual 8MP Wi-Fi Indoor Pan-and-Tilt Camera

The IMOU Ranger Dual 8MP is a Wi-Fi indoor pan-and-tilt camera that allows for 24/7 monitoring. This device combines multiple features to make the user feel safe and comfortable in their own home.

### Complete Coverage of Every Corner of Your Home

The Ranger Dual is an exceptional camera equipped with a fixed-focus 3MP/2K lens and a pan-and-tilt 5MP/3K lens, providing two images in one camera. With live monitoring from two lenses and panoramic pan-and-tilt functionality, this camera ensures complete coverage of every corner of your home.

### Excellent Image Quality Even at Night

The Ranger Dual camera supports four night vision modes, allowing users to enjoy clear images even in complete darkness. It's the perfect solution for those who want a clear image regardless of the time of day.

### Quick Motion Detection and Notifications

With fast human/animal detection, the Ranger Dual camera immediately sends event notifications, enabling a quick response to potential threats.

#### Active Deterrence

The Ranger Dual not only monitors but also actively keeps unwanted guests away from your home. The built-in spotlight and siren can be activated when needed to effectively deter intruders.

#### Two-Way Communication

With two-way communication functionality, the Ranger Dual camera allows real-time communication with people seen on the camera. It's an excellent solution for contacting guests or family members even when you're away from home.

#### Privacy Protection

The IMOU Ranger Dual 8MP not only cares about your security but also protects your privacy. With privacy mode, you can be sure that the camera will only monitor a specific area when needed. Additionally, the intelligent tracking feature allows the camera to follow moving objects while covering the lens to ensure complete privacy protection.
