

## Memory card Goodram microSD IRDM 512GB UHS-I U3

Ref: 5908267961360

Memory card Goodram microSD IRDM 512GB UHS-I U3

Goodram microSD IRDM 512GB UHS-I U3 memory card

The GoodRam IRDM MicroSDXC 512GB card allows you to record 4K and slow motion videos, as well as save photos in RAW and JPEG formats. It offers fast reading and writing speeds, making it ideal for multimedia enthusiasts and professionals. Its A2 performance class guarantees smooth mobile applications, while its versatility and compatibility with a variety of devices add to its practicality. Durability and resistance to extreme conditions ensure data security, and the 512GB capacity gives you plenty of storage space.

Optimizing the card for applications

Thanks to its A2 performance class, the GoodRam IRDM MicroSDXC card provides fast reads (4,000 IOPS) and writes (2,000 IOPS) and is designed to expand the internal memory of Android-based devices. Its use goes beyond standard data storage, such as music and photos - it also enables smooth video recording and efficient operation of mobile applications, which often consist of numerous graphics and sound elements. The product also stands out for its computational efficiency and is able to efficiently manage the simultaneous reading of multiple complex processes.

High-quality recordings

The 512GB GoodRam IRDM MicroSDXC card is compliant with UHS-I U3 A2 and V30 class. Its high performance allows you to record smooth, detailed videos in 4K and slow motion, giving you creative freedom and the confidence that every important moment will be

captured with the highest quality. The V30 Video Speed Class guarantees a consistent minimum write speed of 30 MB/s, allowing you to enjoy the highest quality footage in 24/7 recording mode. Read speeds of up to 170 MB/s and write speeds of up to 120 MB/s are additional advantages.

#### Compatibility and versatility

The card is compatible with a wide range of devices, including modern drones, sports cameras, video recorders and surveillance cameras. So you don't have to limit yourself and can freely use the product in a variety of scenarios.

#### Durability and data security

GoodRam IRDM MicroSDXC is resistant to shock, X-rays, magnetic radiation and water, which guarantees the safety of your data even in extreme conditions.
