Ref: 619659184155

Paměťová karta SanDisk Ultra Android microSDXC 32GB 120MB/s A1 CI.10 UHS-I (SDSQUA4-032G-GN6MA)

SanDisk Ultra Android microSDXC 32GB 120MB/s A1 CI.10 UHS-I memory card

The product is perfect for smartphones and tablets with the Android operating system and mirrorless cameras. It allows you to store up to 32 GB of files and transfer data at speeds up to 120 MB/s. The sturdy design allows you to use the card in almost any conditions, and with the SanDisk Memory Zone app you can manage your media files and memory. An SD adapter is also included in the set.

Faster application performance

The memory card is optimized, resulting in faster application performance and greater freedom of use. Slow application performance is a thing of the past! Play your favorite games without worrying about buffering!

Full HD video

With a card capacity up to 32 GB, you can store up to 160 minutes of Full HD footage on it. You no longer have to worry about running out of memory, there is also enough space for photos, music and other files. What's more, with the help of the Google Play Store, you can download the SanDisk Memory Zone application and use it to view, and backup files stored on your phone. Additionally, the app allows you to automatically transfer files to the memory card to free up space on your device.

Capable of operating in extreme conditions

The memory card was made to work in extreme conditions, so you can use it almost anywhere! The product is resistant to water, shock, extreme temperatures and X-rays. Enjoy the freedom of use with a memory card from SanDisk!
