Oneodio Pro10 Headphones (Blue)

The Oneodio Pro10 headphones will give you the professional sound you deserve. They feature 50mm drivers, which are responsible for excellent sound quality and meet Hi-Res Audio standards. The carefully considered design of the headphones guarantees unparalleled comfort even during hours of use. The headphones are equipped with two connectors - 6.35 mm and 3.5 mm, which affects their wide compatibility. They also have a Shareport function. The Pro10 model is an excellent choice for those who are professionally involved in music.

Sound that will delight you

Your favorite songs have never sounded better. The headphones are equipped with large 50-millimeter drivers that provide high-resolution sound. As a result, you can enjoy crystal clear, detail-saturated sound and deep, powerful bass.

Share your music with others

Now you can freely listen to music with your other half. The device uses innovative Shareport technology. What does this mean? You can conveniently connect several pairs of headphones to one device, without the need for additional splitters. Just use one of the available ports and connect the headphones with each other using the included cable.

Convenient operation

Experience how easy it is to operate the Pro10 headphones! The included 3.5mm audio cable features an integrated remote control for easy operation. Using it, you can conveniently stop and resume playback, change songs, as well as answer, end or disconnect calls. What's more, it has a built-in microphone, so you can freely hold conversations with others.

Multiple uses

The Oneodio Pro10 headphones are designed for a variety of usage scenarios. They will be perfect for professional applications. Among other things, you will use them when recording in a recording studio, mixing music or playing drums or guitar. You can also successfully use them on a daily basis. The headphones are equipped with 3.5 mm and 6.35 mm ports, so you can easily connect them to your smartphone, laptop, electric guitar or PS console.

Unparalleled comfort

Enjoy unparalleled comfort even during prolonged use of the Oneodio Pro10 headphones. The headphones fit perfectly on your ears without uncomfortable pressure or discomfort. The soft earcups are made of pleasant-to-the-touch material, which will further affect your comfort. Moreover, you can freely rotate them by 90° and 180°. The adjustable headband will allow you to adjust the headphones to your preferences, and thanks to the foldable design you can easily fit them into your backpack or bag.
