Esperanza EA134K Micro SD Card Reader USB

Esperanza USB Micro SD Card Reader EA134K

The Esperanza USB Micro SD Card Reader EA134K is the perfect solution for those in need of a versatile, compact data transfer tool. Its compact design and versatility make it an ideal choice for professionals and amateurs alike. Adapted to work with the most popular microSD cards, this reader combines convenience, high compatibility and ease of use.

Compatibility

Esperanza EA134K stands out for its high compatibility, supporting microSDHC, microSD and T-Flash cards. This versatility makes this reader ideal for a variety of users and devices. Whether you use a notebook, desktop or other device, this card reader will provide you with reliability and efficiency in accessing your data.

Practical design

Compact and portable, the EA134K not only offers the ease of portability, but also the functionality of a mini Pen Drive when a memory card is inserted. With the card fully retracted in the reader, the user gets the added convenience and security of data storage. The lightweight and durable design makes this reader the perfect travel companion.

Support for large capacities

The EA134K is capable of supporting memory cards with a maximum capacity of up to 512 GB. This impressive feature allows you to store and transfer huge amounts of data, photos and videos without worrying about capacity limitations. This makes the reader an ideal choice for professionals needing to transfer large files and amateurs storing numerous memories in the form of photos and videos.
