

Esperanza ERW007 26-70 inch TV mount

26-70 inch TV mount Esperanza ERW007

Ref: 5901299953358

Esperanza ERW007 TV mount for 26-70 inch TVs.

The Esperanza ERW007 TV mount is the perfect solution for anyone who values convenience and security. Its universal design fits TVs from 26 to 70 inches and a maximum load of up to 30 kg, guaranteeing stability and safe use. It comes with not only mounting accessories, but also a practical level to facilitate proper installation. The lightweight mount, weighing just 950g, ensures easy installation without weighing down the wall.

Adjustable position: high-level viewing comfort

Esperanza ERW007 is distinguished by its ability to adjust the position of the TV. The user can adjust the tilt up to +/- 15 degrees and rotate horizontally up to 180 degrees, allowing perfect positioning of the screen. This functionality is especially useful in multipurpose rooms, where the viewing angle can vary depending on where you sit.

Compatible with the VESA standard: mounting versatility.

The ERW007 mount is compatible with a wide range of VESA standards (from 75 x 75 mm to 400 x 400 mm), making it a universal solution for different TV models. Thanks to this feature, the mount fits most TVs on the market, eliminating the need to look for specialized equipment.

Adjustable distance from the wall: to fit the space

With the ability to adjust the distance from the wall from 30 to 240 mm, the ERW007 mount allows you to optimally fit your TV to the space in the room. This feature is particularly useful in small apartments or in situations where additional space is needed behind the TV, for example for cables or sound systems.
