Ref: 5901299946701

Esperanza TM125K Titanium Wired mouse (black)

Esperanza TM125K Titanium Wired Mouse (black)

The Esperanza TM125K Titanium wired mouse will become your indispensable companion in everyday tasks. With a DPI resolution of 1000, it allows you to move the cursor on the screen with precision and smoothness. When connected to the USB-C port, it is immediately ready to work right away, without having to install additional drivers - all thanks to Plug&Play.

Ergonomic design for your convenience

The Esperanza TM125K Titanium is a mouse that not only catches the eye with its modern design, but also takes care of your comfort. Its ergonomic shape and nice-to-touch surface, provide a natural and comfortable position of your hand during use. It's a solution that allows you to use it for a long time without feeling fatigue or discomfort.
