Wired gaming mouse Esperanza EGM201R (red)

Ref: 5901299925454

### Wired Gaming Mouse Esperanza EGM201R (Red)

The Esperanza EGM201R is a professional gaming mouse designed to deliver unforgettable gaming experiences. It offers DPI adjustment ranging from 800 to 2400, and its carefully crafted design will provide you with unparalleled comfort even during long gaming marathons. It's also equipped with practical buttons such as "Next" and "Previous," facilitating navigation in games.

### Precision at its Best

The Esperanza mouse gives you full control over your gameplay. The latest optical sensor allows DPI adjustment in a wide range from 800 to 2400. This solution will provide you with exceptional flexibility to adjust the precision of movements to the specific situation in the game. Need precise aiming in shooters? The right DPI adjustment will allow you to hit the target with incredible accuracy. Or perhaps you're looking for fast and smooth movements in dynamic action games? The Esperanza EGM201R is ready to meet your expectations in any situation!

### Discover a New Level of Comfort

Now you can play even longer without discomfort. Thanks to the precise button layout and ergonomically shaped sides, the mouse perfectly fits the shape of your hand, eliminating feelings of fatigue or excessive muscle tension. The comfortable hand positioning allows for quick reactions and full control over the game!

#### Additional Features

The Esperanza EGM201R features a built-in very useful "Double Click" button that can significantly increase your efficiency in games. With it, you can perform a double-click with a single press, which can be crucial during intense battles. The mouse is also equipped with "Next" and "Previous" side buttons, which are invaluable support both in games and during internet browsing. They facilitate operating web browsers and allow for quick adaptation to any situation in games.
