Ref: 6921002657907

3in1 USB to USB-C / Lightning / Micro USB Cable, Mcdodo CA-5790, 3.5A, 1.2m (black)

Forget about the need to use multiple cables to charge devices with different ports. Now you only need one Mcdodo CA-5790 cable! With 3 available connectors (USB-C, Lightning, micro USB), you can connect 3 devices to it simultaneously, and the current reaching up to 3.5A will provide impressive performance. The product also allows for data transfer at speeds of up to 480 Mbps and comes with LED illumination.

Charge 3 Devices Simultaneously

If you have devices with different ports, the Mcdodo CA-5790 cable will definitely come in handy. Thanks to it, you can avoid the need to use multiple cables - one is all you need. The product provides you with USB-C, Lightning, and micro USB connectors, so you can connect both iPhones and Android smartphones, as well as desk fans, Bluetooth speakers, or power banks.

Customized to Your Needs

Each branch of the cable is 50 cm long, allowing for comfortable use of connected devices while charging. The CA-5790 model is also equipped with LED illumination, making it easy to locate in the dark. Moreover, the 4 bands of tinned copper ensure better charging efficiency, and the nylon braid protects the cable from damage. The cable is also resistant to bending and pulling.

Fast File Transfer

Do you often transfer files between devices? The CA-5790 cable can also be useful for this! Its Lightning connector allows not only for charging but also for data transfer at speeds of up to 480 Mbps. So, you can quickly copy all the necessary photos or documents - forget about long waiting times.

Impressive Performance

Don't wait too long for your devices to be ready for work. One cable connector provides a current of up to 3A, and the maximum total output current of the CA-5790 model is 3.5A. This allows you to quickly charge the necessary equipment - with Mcdodo, you'll save time!

Brand

Mcdodo

Name

3 in 1 USB Cable

Model

CA-5790
