

Portable Flextail Max Vacuum Pump

Portable Flextail Max Vacuum Pump

Ref: 6971670132411

Flextail Max Vacuum Pump Portable Pump

The Flextail Max Vacuum Pump Portable Pump is a highly efficient, compact device, perfect for outdoor enthusiasts and travelers. With its fast pumping, efficient battery, and ease of use, it is an essential piece of equipment for any adventure. The Flextail Max Vacuum Pump combines functionality, mobility, and durability, making life easier in the great outdoors.

Fast Pumping

The Flextail Max Vacuum Pump is characterized by exceptional performance. It pumps a double mattress in just 2 minutes and a single one in just a minute. This is the perfect solution for those who value time and convenience when setting up sleeping arrangements while camping or on a picnic.

Charging Indicator

The charging indicator is another practical feature of the Flextail pump. The red light notifies the user when the device needs to be charged, preventing unexpected interruptions in power supply. This way, you can always be sure that your pump is ready to use when you need it.

USB-C Charging Port

The modern USB-C charging port is a huge advantage of the Flextail Max Vacuum Pump. It allows for quick and convenient charging using commonly available power sources. This is especially important during travel, where access to electricity is often limited.

Lock Switch

The lock switch is a feature that protects the device from accidental activation. This is particularly important during transport, where improper pump activation could lead to damage or unnecessary energy consumption.
