Headlight Warsun LX2000-1s, 800mAh, USB-C

Warsun LX2000-1s Headlamp, 2200 mAh, USB-C

The Warsun LX2000-1s headlamp proves its worth during mountain expeditions, DIY tasks, and camping. It provides 2 light sources, offering a brightness of 600 / 200 lm. Moreover, a built-in motion sensor allows activating the lamp with a hand gesture. You can also adjust its brightness across 2 levels, and a robust battery provides up to 16 h of operation. Additionally, resistance to falls and water enables its use in various weather conditions.

Reliable Light Source

Equipped with COB and XPE LEDs, the lamp generates light at 600 lm or 200 lm, ensuring excellent illumination even under the most challenging conditions. You can easily adjust the brightness to your needs by switching between high (High) and low (Low) brightness modes. Whether you're making repairs in a dimly lit area or walking in the mountains in the evening, this headlamp won't let you down.

Variety of Light Modes

Warsun LX2000-1s offers not only standard brightness modes but also a white strobe mode, which can be used in emergency situations or as a warning signal. Additionally, red light allows you to maintain visibility at night without irritating the eyes. It's an ideal option for night hikes or observing the night sky.

Up to 16 h Working Time

The headlamp is powered by an efficient 18650 battery with a capacity of 2200 mAh, ensuring long operation time. As a result, it works for about 6-16 h depending on the chosen brightness, while its charging takes about 3 h.

Sturdy Construction

Warsun LX2000-1s is designed for challenging conditions. Resistance to falls from a height of 2 meters provides protection against damage. Additionally, an IPX5 waterproof rating ensures that the lamp will work flawlessly during adverse weather conditions.

Portable and Comfortable

Warsun LX2000-1s is not only an efficient light source but also an exceptionally light and portable construction. With compact dimensions (32 × 31 × 310 mm) and a weight not exceeding 102 g, you can carry it without feeling discomfort. Additionally, an adjustable strap allows you to customize it to your needs.
