QCY T13 ANC2 Earbuds (Black)

Disconnect from the noise and enjoy fantastic sound quality with the QCY T13 ANC2 earbuds. These earbuds offer active noise cancellation (ANC) and are equipped with 10-millimeter drivers. With four built-in microphones, they are also excellent for phone calls. They provide up to 30 hours of playtime with the charging case and ensure unparalleled comfort. Featuring comfortable, antibacterial ear tips and practical touch controls, they are a breeze to use. You can also download the dedicated QCY app to access additional features.

Active Noise Cancellation (ANC)

Say goodbye to annoying noise and focus on what matters most to you. These earbuds support ANC to suppress unnecessary sounds by up to 28 dB. Now, it's just you and your favorite music! Prefer to hear what's happening around you? Simply activate Transparency mode, and you'll have the freedom to listen to music without losing touch with your surroundings. It's the perfect solution for when you want to chat with someone or fear you might miss an important announcement at the train station or airport.

Perfect for Calls

Now you can make phone calls without any obstacles, no matter where you are - even in exceptionally noisy environments. These earbuds come with four microphones that effectively capture your voice and feature an ENC algorithm to filter out unwanted ambient sounds. This ensures that your callers can hear you without any issues, regardless of the conditions - the QCY T13 ANC2 can handle

winds of up to 25 km/h.

Superb Sound Quality

Discover your favorite songs in even better quality. The T13 ANC2 earbuds are equipped with 10mm drivers, allowing them to deliver crisp vocals and deep, powerful bass. Additionally, the use of a special CCAW coil further enhances mid and high tones. All of this translates into an unforgettable musical experience.

Bluetooth 5.3

These earbuds use Bluetooth 5.3 technology, ensuring you can enjoy a fast and stable wireless connection. They are also an excellent choice for gamers - with a low latency of only about 0.068 seconds, they guarantee perfect synchronization of sound and image. This makes your gaming experience even smoother and more enjoyable! Furthermore, you can pair the earbuds with two devices simultaneously and switch between them effortlessly.

Extended Playback Time

No need to worry about the earbuds running out of battery too quickly. When fully charged, the QCY T13 ANC2 earbuds can play music for approximately 5.5 hours with ANC mode enabled, or up to 7 hours without it. Additionally, the included charging case extends this time to 22 hours with ANC mode or 30 hours without.

User Comfort

Enjoy the utmost comfort while listening to your favorite songs. These earbuds feature an ergonomic design that fits your ear shape perfectly and is very comfortable. You don't have to worry about pain or fatigue, even after many hours of use. Another advantage of the T13 ANC2 model is the antibacterial ear tips, which are safe for your health and skin.

Convenient Control

The earbuds come with built-in touch panels that allow you to conveniently pause playback, skip songs, activate voice assistants, or enable low-latency mode, among other functions. If you want additional options, install the QCY app, which allows you to customize the controls and adjust the sound equalizer (EQ) settings.
