ENCHEN Mocha N Nose Trimmer

Say goodbye to unwanted hair. The ENCHEN Mocha N Nose Trimmer quickly and effectively eliminates even extremely stubborn hair. It is equipped with a powerful motor, the speed of which reaches 6000rpm. The device has an operating time of about 120 minutes on a single charge, and its IPX7 water resistance allows it to be cleaned without problems. At the same time, the trimmer is extremely lightweight and handy - you can always have it at hand.

Reliable performance

Get rid of unwanted hair in the blink of an eye. The trimmer's motor runs at up to 6,000rpm, and the high-quality blade eliminates hair quickly and effectively. In addition, an intelligent control system guarantees efficient, smooth operation. Now it only takes a few moments to remove unwanted hair!

IPX7 water resistance

The ENCHEN nose trimmer is extremely easy to maintain. It is distinguished by its IPX7 water resistance, so you can easily wash it under running water. By cleaning the device after each use, you will not only prolong its life, but also avoid the proliferation of bacteria.

Specially designed cutting head

Enjoy fast and effective, yet safe removal of unwanted nose hairs. The blades of the Mocha N trimmer are located under a special cover, so they do not come into direct contact with the skin. So you don't have to worry about cutting yourself. In addition, the round cutting head fits perfectly into the nose holes and ensures greater precision.

Long working time

The cordless design of the device provides more convenience and freedom of movement. The durable rechargeable battery means that a fully charged trimmer can run for up to 2 hours. Its hassle-free charging is made possible by the included USB-C cable. What's more, you'll be notified of the device's status by a built-in indicator.

It will prove itself while traveling

Going on vacation? Take the trimmer with you and don't let unwanted hair spoil your mood during your trip! The device is lightweight and compact enough that you can easily find a place for it in your suitcase or travel bag. There's also a lock function, so you can avoid accidentally activating the trimmer during transport.
