Wireless Bluetooth Speaker Tronsmart T7 Mini Purple (purple)

Tronsmart T7 Mini Wireless Bluetooth Speaker (purple)

The Tronsmart T7 Mini wireless speaker will make you fall in love with music all over again. Superb sound and powerful bass will provide unforgettable excitement, and the ability to pair two speakers allows you to intensify the stereo sound. One charge provides up to 18 hours of playback. In addition, a rhythmic LED light show will bring an exciting atmosphere to any party. The device uses Bluetooth 5.3 technology, which guarantees a stable and fast connection. With IPX7 water resistance, you don't have to worry about getting splashed during outdoor activities.

An unforgettable musical experience

Ready for a real feast for the ears? The T7 Mini wireless speaker provides excellent sound quality that will satisfy even the most demanding music lovers. Melodious soprano tones and balanced bass add unique harmony and fullness to music. From now on, every note will gain a new tone and be enriched with depth and dynamics. Whether you prefer classical music or rhythmic beats, the device will exceed your expectations, delivering an unparalleled sound experience." In addition, if you want to experience an even more impressive sound effect, you can use the Stereo Pairing feature. Simply pair two T7 Mini speakers for a surround sound that fills the entire room.

Various ways to connect

Thanks to the latest Bluetooth 5.3 technology, the T7 Mini provides smooth and stable transmission with your device for hassle-free music listening. With a range of up to 18 meters in open spaces, you can move freely without worrying about losing your connection. However, if you prefer a more traditional solution, you can connect the speaker with compatible equipment using the included AUX cable. In addition, the product offers a TF/Micro SD card slot.

IPX7 protection

Don't let the weather get in the way of enjoying your music outdoors! The T7 Mini is IPX7 waterproof certified - so you can take the speaker to the pool, beach or any outdoor adventures without worry.

Long playback time

Let yourself be entertained continuously. With a 2,500 mAh battery, you can enjoy up to 18 hours of playback (when the LED backlight is off) or 8 hours (when you use the backlight). The T7 Mini speaker is the perfect companion for long trips, parties and meetings.

User-friendly

You will not find it difficult to operate the speaker. Among other things, you can conveniently turn the device on or off, change the mode, manage the music player, start the LED backlight, and even receive incoming calls and make calls using the appropriate buttons. To save energy, the T7 Mini will automatically turn off after 10 minutes of inactivity or when the battery level is low. A practical indicator keeps you updated on its status.
