

Adjustable Tablet Stand Holder OMOTON (Silver)

Adjustable Tablet Stand Holder OMOTON (Silver)

Ref: 6975969180138

Omoton T1 adjustable tablet stand (silver)

The Omoton T1 Adjustable Tablet Stand will allow you to comfortably watch movies, play mobile games, work and more. You can adjust its tilt angle up to 270° to make it as comfortable as possible. The accessory is also extremely stable and durable. It is equipped with special anti-slip pads and is compatible with smartphones and tablets with a diagonal of 3.5-12.9".

Stable, durable design

The stand is made of durable aluminum, making it exceptionally strong and resistant to wear and tear. It also stands out for its incredible stability - don't worry about it wobbling or tipping over. What's more, the soft silicone pads prevent the stand from slipping on the desk surface and protect your devices from scratches.

Wide compatibility

Thanks to its carefully considered design, the stand is compatible with most smartphones and tablets from 3.5" to 12.9". For example, you can successfully place your iPad Pro 11, iPad Air, Samsung Tab S6, Surface Pro 6, iPhone 11 Pro and even e-book reader on it. In addition, the stand is designed to allow you to charge the devices placed on it without any problems.

Tailored to you

This practical stand will easily hold your tablet or phone both horizontally and vertically. It is also possible to freely adjust its tilt within 270°. This way you can easily ensure the optimal viewing angle. Now you can enjoy even more comfort when watching series, playing games, participating in video conferences or taking notes!
