

Esperanza EA107 LEVANTER Notebook Cooling Pad Esperanza EA107 LEVANTER Notebook Cooling Pad

Ref: 5905784768021

Esperanza EA107 LEVANTER cooling stand

The Esperanza EA107 LEVANTER cooling stand is an indispensable tool for any laptop owner who cares about its performance. It provides effective cooling, protecting your laptop from overheating even during intensive use. It is powered from the laptop's USB port, which means it does not need any additional power source or installation. It will work perfectly with notebooks up to 15.6", making it a universal solution for any user.

Optimal cooling for your laptop

Provide your laptop with optimal working conditions! Equipped with three quiet fans, the stand effectively removes excess heat from inside your laptop, preventing components from overheating and increasing its performance. Thanks to this, you can enjoy stable operation even during intensive use, without worrying about slowdowns or hardware failures.
