PolarPro Quartz Line ND16 Filter for DJI Inspire 3 46mm

Elevate the quality of your film productions to a whole new level with the PolarPro Quartz Line ND filter! It provides excellent control over the amount of light reaching the camera, enabling smooth and professionally looking shots even in bright lighting conditions. It performs exceptionally well when shooting during sunrise or sunset. Characterized by outstanding scratch resistance, as well as water and oil resistance. Its 4-part brass frame allows for smoother filter adjustment compared to an aluminum frame.
