Learning Resources GeoSafari Binoculars for Kids EI-5260

Learning Resources invites little explorers into the fascinating world of science and nature. The GeoSafari binoculars are designed for children 3 years of age and older to stimulate curiosity and scientific development through observation.

Created for explorers

Learning Resources' GeoSafari binoculars provide children with an unforgettable visual experience. With twice the magnification and focalless lenses, even the youngest users can enjoy a clear image without having to adjust the focus. The product is lightweight, so a toddler can use it comfortably.

Attention to detail

High-quality workmanship ensures that the GeoSafari binoculars are durable. It comes with a quick-release neck strap for added safety during play. The goggles are sturdy and position the binoculars correctly, protecting them from drops and damage.

Included:

Binoculars for kids
Detachable neck strap
