Design & Drill Brightworks Learning Resources EI-4138

Learning Resources EI-4138 illuminated construction set screwdriver toy.

Encourage your child to foster creativity with the Design & Drill BrightWorks. With the included screwdriver, your child can practice screwing colorful screws into a dedicated board. Once the design is laid out, turn off the light and watch it glow in the dark! The package contains as many as 50 screws in 5 different colors, giving your child freedom of choice. The toy is suitable for children from 3 years old.

Note: in reality, the colors of the pieces may vary.

Combines fun with learning

The toy supports the proper development of cognitive skills and independent thinking. It also allows to build creativity. At the same time, the child has a great time creating new patterns he or she invents, and then watches it glow in the dark. Choose Design & Drill BrightWorks and put learning and fun without limits!
