

Speakers 2.0 Edifier R1280T (brown)

Speakers 2.0 Edifier R1280T (brown)

Ref: 6923520263882

Reliable performance

The R1280T speakers are a subtle combination of retro appeal with a modern sense of sound quality. Featuring a 4-inch woofer and calibrated bass reflex port, it delivers solid, rich bass notes that fill the room with a sense of immense depth. The R1280T's faithful sound production and performance is every audiophile's dream. Eagerly connected to turntables by users as they can achieve the best sound experience. Enjoy your classic vinyl records while taking advantage of advances in modern audio technology.

Precise control

Personalize your audio experience with the bass, treble and volume control knobs. The high-quality sound they produce delivers precise, powerful mids that will delight any reviewer. A compact handy remote control is included. The Edifier R1280T has a built-in tone control on the side of the speaker. Depending on your preference, you can micro adjust the treble and bass from -6 to +6 db. The digital volume control is automatically set to a comfortable level each time you turn on the speaker.

Dual RCA input

The R1280T can be connected to multiple audio devices using the dual RCA inputs. By looking at the rear panel, you can easily identify which is the passive speaker and which is the active speaker. The active speaker has two inputs located on the rear panel. These inputs are ideal for RCA to RCA or RCA to AUX connections. Connect them to your computer, laptop, tablet, phone or record player. The

speakers are connected together using a regular speaker cable.
