Edifier HECATE G4 TE gaming headphones, RGB, 7.1 (black)

Edifier G4 TE gaming headphones

The G4 TE gaming headphones will meet the expectations of even the most demanding gamers. Virtual 7.1 multi-channel sound and a 50mm speaker will provide you with immersive audio at the highest level. Comfortable and stylish - they owe their unique character to the colorful RGB backlighting. Omnidirectional microphone will allow you to communicate freely with other players, and the built-in controller will make it easy to operate the headphones.

Best sound quality - immerse yourself in the world of your favorite game

Never be surprised by your rivals again. The headset's surround sound audio lets you pinpoint the location of every opponent, and the built-in 50mm e-sports-grade speakers surround you with sound, allowing you to immerse yourself in the game even more. The G4 TE will give you an unforgettable experience and make your gameplay experience as immersive as never before.

Gaming backlight that you can adjust to your liking

RGB backlighting gives the headphones a unique gaming feel. Customize it to your preference by choosing from 1.68 million colors and several interesting lighting effects. G4 TE will not only provide you with an unforgettable listening experience, but also an aesthetic one! They will perfectly complement your gaming equipment.

Additional features - even better audio and convenient operation

The headphones feature a USB-powered sound card for an even better gaming experience. What's more, the in-line controller allows you to control the G4 TE conveniently. For example, you can easily control the microphone and backlighting. You'll have all the important functions right at your fingertips!

Detachable microphone - freely talk to other players

The headset's microphone is bendable, so you can freely adjust its position to your liking. When you don't need it, simply unplug it and it won't bother you. With G4 TE, you can talk to other gamers without any problems. The omni-directional microphone perfectly captures the human voice - so your interlocutors will always hear you clearly. Conveniently plan your tactics for the next game and warn your team members about the enemy lurking in front of them!

Play tirelessly for hours

G4 TE will provide you with unparalleled comfort. They are very lightweight and thanks to the suspended headband, their weight is evenly distributed evenly, so you can wear them without fatigue for long hours. The ear cups are made from skin-friendly, breathable materials that are incredibly soft and comfortable. They fit snugly over your ears. With G4 TE, you can play as long as you want without worrying about discomfort.
