Edifier NeoBuds Pro Wireless Headphones

Meet the Edifier NeoBuds Pro, the first TWS wireless headphones to be Hi-res certified. Enjoy superior sound quality and reliable Bluetooth 5.0 connectivity with ultra-low latency. Comfortably talk on the phone with up to 3 microphones and noise cancelling technology. Listen to music for up to 6 hours on a single charge. The headphones are also incredibly comfortable and their antibacterial tips protect your ears from germs.

New level of musical experience

Accept an invitation to a true musical feast. The NeoBuds Pro are the first TWS headphones to be Hi-Res certified to offer you an unforgettable musical experience. The headphones provide a unique immersive experience and guarantee perfectly reproduced, richly detailed Hi-Fi level sound. Experience how great your favourite songs can sound!

Modern solutions for superior sound quality

The headphones feature a dynamic composite diaphragm driver and a balanced Knowles driver. This unique combination delivers crystal clear sound of the highest quality. Accentuated bass and crisp treble allow you to enjoy perfectly balanced sound. NeoBuds Pro also support the LHDC audio codec at 900kbps. Turn on your favorite playlist and let yourself be swept away by the magic of music!

Effective noise reduction

Get rid of annoying noise and focus on crystal clear sound. Hybrid ANC technology reduces ambient noise to -42dB. With noise-canceling algorithms and up to 3 built-in microphones, you can talk on the phone anywhere - even on the bus or in the supermarket. Headphones also filter gusts of wind and enhance the sound of human voice.

Don't miss anything important

Want to listen to music without losing touch with your surroundings? No problem! Just select the ambient noise monitoring feature, the level of which can be adjusted at any time via the Edifier Connect app. Now you'll never miss an important announcement at the train station or airport. You'll also hear your co-workers' questions perfectly.

Farewell to bacteria

NeoBuds Pro feature specially designed ear tips that boast an antibacterial rating of up to 99.8%. This effectively prevents the growth of germs in your ears. The ergonomic design also makes the headphones extremely comfortable - you can listen to music for hours without worrying about fatigue.

Surprise for game lovers

Enjoy dynamic gameplay. NeoBuds Pro offer a gaming mode designed specifically for gamers, which provides an ultra-low latency of only 80ms. The perfect synchronization of picture and sound quality will ensure that you won't be caught off guard by your opponents. You'll hear them instantly and locate them precisely so you can anticipate their moves and claim another incredible victory.

Fast charging - long running time

Both the charging case and headphones support fast charging - just 10 minutes to keep them serving you for another hour. When NC mode is on, the NeoBuds Pro's runtime reaches 5 hours, and if you turn it off, it's up to 6 hours. With the help of the charging case, you will extend it by 15 or 18 hours respectively. So in total you can listen to your favorite tunes for up to 24 hours on a single charge!

Take your favorite songs anywhere you want

With Edifier, your favorite songs can accompany you almost anywhere. The NeoBuds Pro are IP54 rated, which means they are waterproof and dustproof. No need to worry about rain drops, sweat or dust. You can easily take them for a workout, bike trip or spring walk. What's more, the headphones fit perfectly in your ears and do not fall out, even when you perform demanding exercises or simply move around a lot.

A few taps

Want to pause your music but don't have your smartphone within reach? That's no longer a problem! NeoBuds Pro are equipped with touch panels that make them much easier to use and provide convenient access to the most important functions. Now, with just a few taps, for example, you can answer the phone, pause or resume playback, switch the song or turn on gaming mode.

Original design

The headphones are not only functional, but also incredibly stylish. Inspired by sports cars, NeoBuds Pro attract attention with its original, modern design. The LED light strip placed on the case catches the eye and gives the device a unique character.

Gain additional capabilities with the app

Want more? Install the Edifier Connect app and gain access to additional useful features. For example, you can adjust the sensitivity of the headphones, use the equalizer, and even share settings. You'll also find 3 EQ modes - Dynamic, Pure and Customized. You can also personalize the tones for a unique music experience.
