Edifier CC200 Wireless Headset

Do you work or study remotely? Or do you frequently attend online meetings or courses? If so, the Edifier CC200 wireless headset will definitely come in handy! The 30mm driver offers great sound quality, the dual noise-canceling microphone allows you to talk freely, and the light weight and adjustable headband ensure comfort. The battery life reaches 64 hours on a single charge, and Bluetooth 5.0 provides fast and stable wireless transmission.

Crystal clear sound

Make sure your callers can hear you without any problems. The CC200 headset is equipped with 2 microphones that will reliably capture your voice and provide crystal clear, natural sound. What's more, the DNN noise cancellation technology and advanced AI algorithm effectively filter out unnecessary background noise, giving you the confidence that every word you say will be heard perfectly.

Long runtime

The device has a built-in 400mAh long-lasting battery, so that when fully charged, it allows you to listen to music for up to 64 hours (80% volume) or make phone calls for about 29 hours. Included in the package you will find a USB-C cable with which you can charge your headset. Charging the device only takes about 1.5 hours.

Use comfort

The ergonomic design makes the CC200 headset extremely comfortable and allows you to work, study or attend meetings for hours without fatigue. The stainless steel headband can be adjusted. The product is also extremely lightweight. In addition, its microphone swivels 240°, so you can easily position it for optimal sound pickup and simply move it out of the way when you don't need it.

User-friendly

Disconnect from all your distractions and focus on your work. The Edifier CC200 headset is very easy to use and will help you become more efficient. It features an easy to reach button that you can quickly mute the microphone. The device also has a special backlight which indicates the call status.

Wide compatibility

Don't worry about unexpected compatibility issues getting in the way. The CC200 headset works perfectly with popular Windows and Mac OS laptops and computers. You can also pair it with your smartphone. It is compatible with Android and iOS. Bluetooth 5.0 ensures a fast, stable and seamless connection.

Many applications

You can use this practical headset for a variety of purposes. It frees your hands for talking on the phone and makes it easier for you to give lessons, lectures and online presentations. Use it at work, school, or university. It also enables you to participate actively in online meetings and courses.
