Edifier TWS HECATE GX07 earphones

Take your gaming to a whole new level with the Edifier GX07 gaming headphones. It offers 2 modes of operation and hybrid ANC noise cancellation. What's more, it delivers crystal-clear sound and are efficiently powered for up to 26 hours of runtime.

Crystal clear sound

The headphones use 8mm drivers and support HD audio codecs (AAC, LHDC). What's more, they have a superior acoustic configuration and an expanded sound field. All of this contributes to high quality, detail-rich sound. Music mode will take your music experience to a whole new level!

Especially for gamers

Experience true immersion with the Edifier GX07! It uses a special effect to amplify the sound of footsteps and gunshots, giving you an edge over your opponents! The headphones also have a very low latency (60 ms), ensuring perfect synchronisation between video and audio. Activate the Game mode for the ultimate gaming experience!

Advanced noise cancellation

The headphones feature 6 microphones (3 each) with support for hybrid ANC noise cancellation technology. They can cut ambient noise

down to -38 dB. You'll also get interchangeable rubber bands in 3 sizes for true comfort. There's also an Ambient Sound mode that lets you hear everything going on around you - even while listening to music or playing games.

Communicate effectively

The value of accurate and instant communication with your team in online games cannot be overstated. Havit meets the needs of gamers with modern solutions. Each headphone has 3 built-in microphones, so it effectively collects your voice, relaying it to your interlocutors. What's more, noise-cancelling ensures you can talk in noisy, crowded places.

Efficient power supply

The devices draw its power from powerful batteries that provide up to 5 hours of battery life (up to 6.5 hours with ANC turned off). The charging case extends this time to 20 and 26 hours respectively. The refillable power supply supports fast charging technology. This means that by plugging it in for 15 minutes, they will store energy for another 2 hours of use.

More control with the app

Want more control over your equipment's performance? Download the free Edifier Connect app from Google Play or App Store! With the app, you can name your devices, change the settings and select the operating mode. From the app, you can also enable In-ear Detection and adjust the auto shut-off time of your headphones.

Functional, modern design

The GX07 has been designed with an ultra-modern style. The futuristic, original design with RGB backlighting gives them a unique, gaming character. The case uses inductive Hall sensors, making opening very easy and convenient. It is also possible to operate the headphones via touch panels. Bet on the combination of quality and functionality with extraordinary design! Choose the Edifier GX07!

Set includes
