Edifier HECATE G2000 2.0 Speakers (white)

Go for professional-grade hardware and enjoy great sound while gaming, watching movies and listening to music. The Edifier HECATE G2000 2.0 speakers feature a compact size, 32W of power, excellent sound quality and gaming RGB backlighting. With three playback modes, the speakers will prove useful in various situations and will serve the whole family.

Amazing Sound Quality

What makes these speakers deliver such high quality sound? They are 2.75-inch drivers with a composite cone, RMS at 16W and peak power of 32W. Plus, the speaker angle is 10°, and the 0.65L isometric cavity provides an even better sound experience. So bet on the G2000 and enjoy clear sound and perfect harmony of bass and treble.

Various application scenarios

The G2000 offers up to 3 playback modes, so you can tailor the sound to suit your listening tastes. So you can choose from Gaming, Movie and Music modes and enjoy optimum sound during a gaming session, movie night or Friday night with friends.

Striking RGB backlighting

G200 is an ideal proposition for all gamers. The speakers have been equipped with interesting RGB backlighting, thanks to which they

will perfectly complement every gamer's workstation. What is important, they offer as many as 12 different lighting effects, so you do not have to be afraid of boredom. In addition, high quality sound will let you hear every move of your opponent.

Plug as you like

The speakers have several input ports, so you can decide how to connect them. You can, for example, use a USB or AUX 3.5 mm cable and enjoy a reliable, wired connection. The speakers also support Bluetooth 5.1, so you can connect them wirelessly and reduce the number of cables on your desk. The choice is yours.

Tailored to your needs

The Edifier HECATE G2000 are distinguished by their outstanding functionality and carefully considered design. They feature several buttons that allow you to conveniently manage functions such as RGB backlighting effects, sound effects or Bluetooth connection termination. What's more, the speakers have non-slip pads, and the matte panels add a chic and elegant touch.
