wireless headphones Edifier TO-U7 PRO, ANC TWS (black)

TWS Edifier TO-U7 Pro Headphones

Take your musical experience to a new level. The TWS Edifier TO-U7 Pro headphones are equipped with 8-millimeter drivers, so they can deliver high-quality sound. They also offer ANC noise cancellation and a runtime of up to 18 hours (with charging case). Built-in microphones allow you to talk freely on the phone, and Bluetooth 5.3 guarantees a reliable wireless connection and low latency. The headphones are also incredibly comfortable.

ANC noise cancellation

Cut out the noise and focus on what matters most to you. The TO-U7 headphones support ANC noise cancellation technology, which eliminates unnecessary sounds up to -40dB. Now all that matters is you and your favorite songs - no one will disturb you! Do you prefer to listen to music without losing touch with your surroundings? The headphones will let you do that too - just turn on Ambient Sound mode. You no longer have to worry about missing an important message from a co-worker or an announcement at the train station!

Delightful sound

Experience how good your favorite songs can sound. The TO-U7 Pro headphones are equipped with dynamic 8mm drivers, so you can enjoy high-quality sound. The natural, clear sound, perfect harmony and richness of detail will all make you feel like you're at a concert in your own room and provide you with greater immersion when watching movies or playing games. With Edifier you will discover a new

dimension of music!

Talk on the phone

TO-U7 Pro will provide you with fantastic sound quality also during phone calls. Each headphone is equipped with 3 microphones that will reliably register your voice. Also noteworthy is AI DNN noise cancellation technology, which is responsible for filtering out unnecessary background noise. All this will give you the confidence that you and the other person will hear each other without any problems! Mall, bus, supermarket - with Edifier you can comfortably talk on the phone wherever you are!

Long working time - fast charging

Listen to music at home, at work or on a trip without worrying that the headphones will drain too quickly. Fully charged, the TO-U7 Pro can last up to 4 hours when ANC noise reduction is enabled, or up to 4.5 hours if you don't use it. What's more, the case designed for them allows you to extend this time by about 12 hours or 13.5 hours, respectively. This brings the total up to 18 hours! The headphones also support fast charging - it only takes about 10 minutes for them to play music for another hour.

Forget about connection problems

With Edifier you can comfortably listen to music, watch movies and even play dynamic games. The TO-U7 Pro headphones use state-of-the-art Bluetooth 5.3 connectivity to give you a reliable, fast and stable wireless connection in almost any condition. There's also a special mode for gamers, with a latency of only about 80ms. Enjoy smooth gameplay, don't be surprised by your opponent and get another great victory!

Lightweight, waterproof, stylish

Listen to your favorite songs for as long as you want - with TO-U7 Pro you don't have to worry about discomfort. The headphones are extremely lightweight, distinguished by their ergonomic design and fit perfectly to the shape of your ears. They won't fall out of them, even if you move a lot or exercise. They also feature IP54 water resistance - they are not intimidated by sweat or rain. TO-U7 Pro also impress with their original, elegant design - they are sure to appeal to many users.

Convenient operation

With TO-U7 Pro, everything you might need is always at your fingertips. The headphones are equipped with small touch panels, which allow you to conveniently switch songs, handle incoming phone calls and select modes, among other things. Another interesting option is the Edifier Connect app, which is available in the Google Play and App Store. With its help, for example, you can check the charge level of your devices or adjust the settings of Ambient Sound mode.
