

## Car subwoofer Edifier CW1200 (black)

Car subwoofer Edifier CW1200 (black)

Ref: 6923520231768

Edifier CW 1200 car subwoofer (black)

The CW 1200 is the perfect choice for those looking for a more intense audio experience while driving. The subwoofer, created with the perfect balance of power and precision, will take your music to a whole new level. The device stands out with 260W of power, offering a frequency response of 30Hz-120Hz, delivering luscious bass. With its portable design and 4Ω impedance, it is sure to integrate with your audio system. Put it in the trunk and go on a musical journey with Edifier!

More bass in your car

The Edifier CW 1200 has a total power output of 260W, which means it is capable of generating powerful bass that can literally touch your heart. Whether you're listening to hip-hop with a strong beat or rock with thumping bass, this subwoofer will deliver the sound power you need. With a frequency response of 30Hz - 120Hz, the CW 1200 is able to represent the entire bass range with amazing detail. You can enjoy every note in its full, deep and rich form without losing its quality.

Created with attention to detail

Thanks to its robust construction, the subwoofer can handle any conditions, providing you with an unforgettable musical experience. The use of a class-D amplifier eliminates harmonic distortion, and the 12-inch speaker housed in a lacquered plywood cabinet will let you experience the incredible power and depth of your favorite tunes.

Compatible with many audio systems

Operating at 4 ohm impedance, the subwoofer is compatible with most car audio systems. So you don't have to worry about choosing the right components - the Edifier CW 1200 is sure to fit into your car's music system. The device supports a voltage level of 9-16V, which ensures flexibility and trouble-free operation regardless of the type of vehicle.
