Edifier P281 sports headphones (red)

Do you play sports? Are you physically active and need comfortable headphones? Edifier P281 will be perfect for you! They are designed with active people in mind, so they will perform well during any activity, providing unparalleled comfort and convenience. What's more, they exhibit IP57 protection, which means they will be completely resistant to dust and immersion in water up to 1 meter.

Made for athletes

The Edifier P281 headphones were created for physically active people, so they stand out with their sporty and streamlined shape that provides stability and comfort. They stay in place, so they will perform well during any activity! What's more, they show IP57 rating - they are not intimidated by dust or water, so you can use them in various weather conditions.

Thoughtful design

The Edifier P281 have been created with attention to every detail, which is why they come with a durable cable with a gold-plated 3.5mm plug. What's more, they also have a built-in microphone and a remote control that makes it easy to control the headphones. In addition, with their help you will delight in excellent bass. With Edifier you will discover your favorite songs anew!
