

Edifier HECATE G4M Gaming Mouse RGB 16000DPI (black)

Edifier HECATE G4M Gaming Mouse RGB 16000DPI (black)

Ref: 6923520286010

Edifier HECATE G4M gaming mouse (black).

Ready for a real gaming adventure? The Edifier HECATE G4M is a mouse that will meet the expectations of the most demanding gamers. It uses the PMW3389 optical sensor, which is responsible for reliable, efficient and precise performance, whether you're racing through virtual arenas or aiming with sniper precision. It allows you to adjust the DPI from 400 to as high as 16,000, and the life of its switches reaches 80 million clicks. It is equipped with 7 programmable buttons that you can customize with your favorite commands, shortcuts and macros. It also features RGB backlighting that offers up to 10 lighting effects, and its ergonomic design will keep you dreaming during long games.

Precision at the highest level

The G4M mouse uses the latest PMW3389 optical sensor, which provides exceptional precision. As a result, your every move will be reflected with perfect accuracy, giving you full control over the action. With a 7-position DPI adjustment in the range of 400-16000, you can easily adjust the sensitivity of the mouse to suit your needs. What's more, the high 50G acceleration combined with the IPS 400 speed make the mouse respond instantly to your movements, and the 1000 Hz refresh rate will give you an extremely smooth performance without any lag.

Ready for long gameplay

No longer do you have to worry about rapid switch wear during intense gaming sessions - the Edifier HECATE G4M is up to any challenge. The mouse is equipped with reliable Kailh Black Mamba mechanical switches, which are characterized by high durability and fast response time. With a switch life of up to 80 million clicks, you can be sure that the mouse will serve you well for a long time, even during intensive use.

Programmable buttons for greater convenience

The Edifier HECATE G4M is a true ally in the battle for victory. With seven programmable buttons, you can customize the mouse to your preferences for faster response and an edge over your opponents. Choose your favorite commands and actions to always have at hand what you need to be a leader on the battlefield.

Even greater immersion

Take your gaming to a new level! The Edifier HECATE G4M mouse will be the perfect addition to your gaming setup! It is equipped with colorful RGB backlighting and offers up to 10 dynamic lighting effects that will give you an unforgettable atmosphere during any game. With an amazing palette of over 168 million colors, you can create a unique design that reflects your personality and gaming style. Also at your disposal is the HECATE software, with which you can configure your mouse at will.

Unparalleled comfort during gaming marathons

The Edifier mouse is designed for maximum comfort, so you can fully focus on gaming and achieving higher scores. Thanks to its ergonomic shape and low weight (75g), the HECATE G4M mouse provides comfort even during long gaming sessions. It perfectly adapts to the shape of your hand, and can be used by both right- and left-handed users. What's more, the non-slip sides guarantee a firm grip even during the most intense gaming sessions.
