

## Speakers 2.0 Edifier R12U (red)

Speakers 2.0 Edifier R12U (red)

Ref: 6923520264827

### Edifier R12U 2.0 Speakers (Red)

Do you need speakers that combine compact design and high sound quality? Edifier R12U is designed just for you! These devices use 60-millimeter drivers and a Bass Reflex port, providing crystal-clear sound with rich detail. They also allow you to connect your audio source via a 3.5mm port.

### Compact Design — Impressive Quality

Do you have limited desk space but expect high-quality sound? Edifier R12U speakers offer exactly that combination, thanks to the use of the best materials and technology. The 60-millimeter drivers can generate clean, detail-rich sound. The devices have a total output power (RMS) of 2 x 2 W.

### Functionality and Convenience

The speakers are powered through a USB connection, providing wide compatibility — you can simply connect them to your computer or adapter. You can adjust the volume with the built-in knob, and the 3.5mm AUX input port allows you to connect portable devices or an MP3 player. Choose high quality with a compact build and modern design! Choose Edifier R12U!
