

## Projector BYINTEK X25

Projector BYINTEK X25

Ref: 725889906112

### BYINTEK X25 Projector

Discover a new dimension of home entertainment with the BYINTEK X25 projector. This advanced projector not only delivers realistic colors and excellent image sharpness but also offers remarkable flexibility. Thanks to its trapezoidal screen correction, the projector can be placed at an angle relative to the surface on which the image is to be displayed. The trapezoidal correction allows for easy adjustment, making it an ideal choice for movie enthusiasts and professionals.

### Realistic Colors and Exceptional Brightness

The BYINTEK X25 displays 16.7 million colors, guaranteeing incredibly realistic and vibrant images. With a brightness of 680 ANSI lumens, it ensures a clear and vivid picture. The 10000:1 contrast ratio enhances color depth and intensity, providing an excellent image quality. The projector offers a long LED light source lifespan (up to 30,000 hours), making it a reliable and cost-effective choice.

### Intelligent Trapezoidal Correction

The BYINTEK X25 projector features advanced 6D trapezoidal correction, allowing easy adjustment of the image on non-standard surfaces and angles. This feature enables you to place the projector in various room locations without sacrificing image quality, making it ideal for spaces with limited room.

### Performance and Versatility

Powered by the MT9269 Arm Cortex-A53 processor and ARM mALI-g31 mp2 graphics, the BYINTEK X25 delivers fast and smooth performance. Support for various video and audio formats, along with USB, HDMI, and AV ports, makes it an incredibly versatile device compatible with multiple multimedia sources.

### Easy Setup and Operation

The projector is easy to install and operate, allowing users to enjoy high-quality images without the need for complicated settings. Automatic autofocus and remote electronic zoom make image adjustments quick and easy.

### Smart Connectivity Features

The BYINTEK X25 offers dual Wi-Fi 2.5G+5G for a stable internet connection and Bluetooth 4.2, allowing easy connection to various wireless devices. Additionally, the installed Android 9.0 operating system and pre-installed apps like YouTube, Prime Video, and Netflix provide access to a wide range of entertainment content.

### Powerful Benefits

Low fan noise (up to 32dB) and support for various graphic formats and menu languages further highlight its versatility. Full HD resolution (1920 x 1080p) with 4K support and the ability to display images ranging from 42 to 300 inches at distances of 1.3-9m make it an ideal solution for all types of users, from home cinema enthusiasts to presentation professionals.

### Package Contents

- Projector x 1
- Power supply x 1
- Instruction x 1
- Remote control x 1
- AV cable x 1
- HDMI cable x 1
