

Duracell USB cable for USB-C 2.0 1m (Black)

Ref: 5056304310418

Duracell USB cable for USB-C 2.0 1m (Black)

Duracell USB to USB-C 2.0 cable 1m (black)

The USB to USB-C cable from Duracell is compatible with many popular devices that are equipped with a USB-C port. It provides a charging current of up to 3A and transmission speeds of up to 480Mbps. High-quality materials were used in its construction, which are characterized by durability. The length of the cable is 1m, which gives you even more freedom during use.

Instant data transmission

Forget about long waiting times for transferring files between devices. The Duracell cable allows you to transfer files at speeds of up to 480Mbps. This means that it only takes a few moments to get your photos, music or important documents where you need them!

Much faster charging

Experience how little time it takes to charge your devices. The Duracell cable offers a charging current and voltage of up to 3A / 5V. This means that with its help you will renew the energy of your smartphone, tablet or headphones in no time. No more prolonged waiting!

Durable construction

Get yourself a cable that will serve you well for a long time. The product from Duracell is equipped with a copper core, which is responsible for its reliable performance. It is also distinguished by durable connectors, which are characterized by high wear resistance. Moreover, the double nylon braid and Dupont Kevlar fiber effectively protect the cable from damage.

Universal compatibility

This practical cable will allow you to easily charge most commonly used devices equipped with a USB-C port. For example, you will successfully use it to charge your phone, tablet, wireless headphones, speaker or powerbank. Forget about limitations!
