Orico PHM-25-BK-BP Hard Drive Case

Now it can conveniently yet safely store your hard drive and selected accessories. The Orico case is made of durable, shock-resistant materials, so it will perfectly protect your equipment from damage. You can easily fit many different items in it. It is also distinguished by an excellent quality zipper, which will serve you well for a long time.

Surprisingly roomy

Despite the relatively small size of the case is extremely spacious. You can successfully fit in it not only the hard drive, but also some accessories, such as powerbank, headphones, cables, charger, pendrive, memory card or keys. It will be useful not only at home, but also when travelling - it allows you to store and transport selected items in a comfortable and at the same time safe way.

Solid performance

You no longer need to worry about the safety of your hard drive - the Orico brand case will provide it with reliable protection from damage. It is made of excellent quality, durable materials that provide it with shock resistance. Inside there is a special cotton interlayer. The case is made of reinforced EVA plastic, which is not only durable, but also safe for health and the environment.

Flexible mesh

What else makes the Orico brand case so perfect for transporting various items? There is a special elastic mesh inside that allows you to store small accessories and makes it easier to keep things organized. It also provides better protection for your hard drive. Put your cable or memory stick behind it and take it with you wherever you need it!

Perfect quality lock

The case has been equipped with a top quality zipper, which allows you to open or close it quickly and conveniently. You no longer need to worry that during transport the smallest items will fall out and get lost! The zipper is extremely durable and reliable - it will not jam or open on its own.
