

Car Dashboard Holder Joyroom JR-ZS245 with Qi Inductive Char

Ref: 6941237181428

Car Dashboard Holder Joyroom JR-ZS245 with Qi Inductive Charger (Black)

Joyroom JR-ZS245 car dashboard mount with Qi inductive charger (black)

The Joyroom JR-ZS245 mount allows you not only to comfortably use your navigation, but also to charge your smartphone wirelessly. Its output power reaches 15W, and LED backlighting gives it a stylish look. It allows 360° adjustment, so you can adjust the position of your smartphone to suit your needs. It automatically closes and has a release button that you use to open the holder.

Wide compatibility

The Joyroom car mount is compatible with smartphones with screen sizes ranging from 4.7" to 5.8". This means it will fit devices such as the iPhone 8 or Samsung Galaxy S20. What's more, you can easily mount it on the dashboard, and a special locking mechanism guarantees stability and security.

Comfort of use

Joyroom JR-ZS245 allows you to wirelessly charge your smartphone with 15W of power. What's more, it has a modern mechanism that allows the holder to open automatically. If you want to remove your device from the holder, press the dedicated button. In addition, the silicone, magnetic and leather case does not affect the quality of charging. You can also adjust the position of your equipment in 360°.
