Liberex Men's Back Shaver

Now you can easily get rid of unwanted hair. The Liberex back shaver is equipped with 3 replaceable blades that will perfectly handle even short, stubborn hairs. Its ergonomic design makes it comfortable and safe to use. It allows for both dry and wet shaving. The set also includes 3 extra blades and a small cleaning brush.

Safe and precise shaving

The Liberex shaver is equipped with 3 premium quality blades for fast and thorough removal of even very short hairs. You can use it for dry or wet shaving - you decide! Moreover, the special cover protects users from injuries. And you can easily replace the blades if you need to - just slide them out, then slide in the new ones!

Clever design

The product is very simple to use and easy to maintain. Its cleaning is made easy by the brush included in the set. It is equipped with a long handle that fits perfectly in your hand and allows you to reach almost any place. A special hole allows you to hang the shaver on a hook, for example. What is more, the head of the product is removable, so you can easily clean it or replace the blades.

Tailored to your needs

Enjoy unbeatable precision. The shaver head bends up to 15°. This allows it to adapt perfectly to your skin, follow the shape of your back and give you an incredibly close shave. What's more, the handle of the product bends up to 180°. So you can optimally adapt it to your needs and easily shave even hard-to-reach areas.
