

## Wireless Gaming Controller iPega PG-9216 (black)

Wireless Gaming Controller iPega PG-9216 (black)

Ref: 6974363710347

iPega PG-9216 wireless controller / GamePad (black)

The iPega PG-9216 controller offers wide compatibility and an ergonomic design that supports user comfort. The gamepad is characterized by the availability of a number of functions to facilitate gameplay. You will also receive a practical smartphone holder in the set.

Functionality first and foremost

Take control to the next level and dominate your opponents! The PG-9216 controller provides extremely smooth and precise joystick operation, so you will gain higher accuracy and efficiency in clashes. What's more, the Turbo function will allow you to keep firing continuously without the compulsion to press the button repeatedly.

Thoughtful design

The ergonomic design of the device will allow you to use it comfortably even for many hours! You'll also get a functional phone holder included, so you'll gain convenience while playing mobile titles.

Wide compatibility

The controller is compatible with many systems, which will guarantee you the ability to use it in cooperation with many devices. You can

successfully use it with Android, iOS, Windows 7/8/10, Nintendo Switch or PS3/PS4 consoles and Smart TV.
